LUCACI FLORENTIN - WIRED

W I R E D

We re wired before were born
Not knowing next perfect storm
Not feeling how is to be alone
Not seeing after you have gone
My lovely one is so hard to find
The one who ever walks behind
I ve got you always on my mind
My beautiful one love and kind
Wired like the time always stop
Wired in your morning eye drop
I love you every day a lot
I love you all night no stop
We re wired all our young age
We re always kept in cage
To learn a lot and go college

To dream a time type edge
We re wired all our bright life
To search eachother lovely wife
To cut the times with gold knife
And share pieces on your side
Wired were with our children
To rise them and forgotten
To live our precious moments
To love with no comments
Wired we were earning money
To paint our house with honey
To colour our room with white
Leaving the colours for the sky
Wired we re now you see
Why you are not with me
You re all I want my only love
Under coloured stars above
You re the one I ever love
I need your gently touch
I need wet kisses much
Wired is you in your mind
Than beeing hot and kind
A man like me you never find
You love me much and blind
Wired your life in Universe
With thin wires tied on me
So tight nothing you can see
I m your love I m your sense

Despre mine

**Wired in strange present times
We must leave good our lives
Stop this feeling of being tired
Stop this feeling of being wired**

**Eu tot te inventam
De prima data mi ai părut
Un nume drag mi a apărut
De fericire am rămas mut
Toate in jur au tacut
Rămas în liniște totală
Ca florile pe câmp vara
N am mai putut
N am mai avut
Forța necesară
Să ntreb unde și cum ești tu
Dar am văzut
Au trecut ani și ne am promis
Un viitor frumos de vis
Tinându ne mereu atent de mână
Nu ne am făcut oale de lut sparte în țărână
Am rămas două diamante
Plutind peste câmpul cu flori vara
N am mai văzut
N am mai vrut
S avem iubiți iubite sau amante
În fiecare zi eu am văzut
Unde și cum ești tu tăcut
Mai mult decât atât
Eu vad și gaura din zidarie
Din casa unde stai
Nu ar fi mare grozăvie
Eu văd și ce semn pe piept ai**

Văd scara spre camera iubirii
Plina de soapte si de gesturi
Gradina sfântă a nemarginirii
Înainte ca eu sa știu de ele
Cu luni săptămâni sau zile
Nu știu cum
Nu ti pot explica nicicum
Nu mă ntreba acum
Eu vad unde și cum esti tu
Eu vad unde și cum vei fi tu

LUCACI FLORENTIN - MA TEM

MA TEM

**De un lucru minunat ma tem
Ca un intreg tot noi suntem
Ca desi noi nu ne o spunem
Traim o utopie si nu vrem
In cerurile albastre noi avem
Tot ce dorim dar eu ma tem
Ca sunt prea sus si mult prea reci
In ele sa traim in doi in veci
Tu sa ma tii in brate deci
Cu mana inima sa mi o petreci
Si sa fim noi in lumea asta
Tu dulce harnica nevasta
Femeie pentru un singur barbat
Cum stii si cum ti am aratat
Cum esti si cum te am educat
De cand m ai iubit si m ai luat
Din toti barbatii de prin sat
Din toti cei cu sufletul curat
Gatesti numai pe gustul meu
Si suntem amandoi mereu
Nu ma lasi singur niciodata
Imi arati dragoste curata
Ce mi trebui mie alta fata
Cand tu esti asa minunata
Ma iubesti tare toata noaptea**

**Iti simt continuu rasuflarea
Ma incalzesti cu trupul tau
Ma alinti si nu mai mi e rau
Ma tem sa nu dispari in zori
In curcubee ceruri si culori
In stele colorate si fiori
Cum te am adus de mii de ori
Ma tem in vis sa nu fim doi
Ma tem de mii si mii de ori
Sa nu raman singur in culori
Sa nu raman fara fiori
Ce mai e viata asta daca
Nu ai o dragoste curata
Fierbinte si mult asteptata
Dulce si buna ca o ciocolata
Nu nu ma tem ca n om fi doi
Noi ne am creat pe amandoi
Tu esti acum pe lumea asta
Mie sa mi fii draga nevasta
Asa cum e obiceiul pe la noi
Prima iubire i ultima
Iubita mea fierbinte stea
Tu viata mi vei lumina
Tu casa mi vei invia
Si inima mi vei asculta
Cum numai tie ti va batea
Si tu de vei fi ultima
Ce o sa i asculti bataia**

Ma tem iubita mea
Ca n mare vom intra
Pan la jumate om inota
Eu in ceruri m oi ridica
Singura n apa te oi lasa
Singura spre tarm vei inota
In urma nu te vei uita
Vei inota vei inota
Pan s o termina marea
Si acolo in vise minunate
Te vei lasa usor in ape
Cu ochii spre stele colorate
Ma tem ca eu voi fi in toate

LUCACI FLORENTIN - E A R T H Q U A K E

E A R T H Q U A K E

These times we live are strange
We always search for a change
We re like the screws in flange
Our lives are always earthquake
No honey sugar milk and cake
No heart our feelings are fake
Earthquake are all our values
Earthquake are things we use
Earthquake are friends we lose
No time we have for a deep love
No see the stars that shine above
Lapse the brighthness of the moon
Our love we never understood
Lapse the warmth of the spring sun
Our love is like a rusty and old gun
Lapse the voices of children
Once we heard in our garden
Lapse the hot love we liked make
Once in bedroom like a earthquake
Days are the same every week
Our love goes strage and weak
No more stars in our feelings
No more colours of beginings
Winter covered by white snow
Freeze our minimum love flow
Earthquake everynight we know
Is a thin touch now and slow
Hope for good times and bless

Hope for honey milk with ness
Hope for good life here on Earth
Present is another sad tail
Present was sold by retail
What we need so many things
Love and happiness don t bring
What we need so many people
Who say they care about the good
Of our lives we never understood
Delve in our minds like a niple
In our souls like a earthquake
With promises they never make
Words meaning nothing and fake
Look at the young we live among
Who will prepare them a future
Healthy and safety a nation strong
A clean country as mother nature
To live a straight life no emotions
Not to be stolen by their creations
To be paid well for what they learn
Not only words nobody concern
To build the future on solid ground
With no terror and bombs around
To build the future they want make
With no fear and with no eartquake

LUCACI FLORENTIN - EU VĂD CE TU VEI FACE

EU VĂD CE TU VEI FACE

Eu vad ce tu vei face
Chiar dacă nu mereu
Ce faci tu îmi place
Dar ești așa pe gustul meu
Eu vad ce faci și mi pare rău
Te iei numai după capul tău
Tu mă iubești nebunește
Nu mă lași singur
Nici cât ai zice peste
Ești cel mai bun companion
Ce l am acum de la Revelion
Mă urmezi pas cu pas
În fiecare zi ceas de ceas
Și noaptea îmi spui bun ramas
M atingi ușor dar fără glas
Mă ții în brațe sa adorm
O fac chiar dacă nu am somn

Mă ia dimineața la cafea
Și ești cu mine toată noaptea
M atingi cu mana ta ușor
Si mi spui șoapte de amor
Avem o pânză alba între noi
Prin care tu ma vezi
Și dacă poți sa crezi
Eu vad ce tu vei face
Căci pânza se desface
Te văd ca în dormitor
Aluneci dulce pe covor
M atingi o data
Și pe pânza lata
Scrie deodata
O fata te așteaptă
Eu vad ce tu vei face
În stanga și n dreapta mea
Ești cel mai bun companion
Ce la război înseamnă viața ta
Regină inimilor ești nu pion
Mă chemi mereu în casa ta
A fost destul de greu
Dar voi uita
Te voi iubi mereu
Dar nu uita
Eu vad ce tu vei face
Cum nu mă întreba
Nu știu nici eu

Eu sunt oglinda sufletului tau

**LUCACI FLORENTIN - YOUR BIRTHDAY I LOVE
YOU TWICE**

YOUR BIRTHDAY I LOVE YOU TWICE

**I love you very much my lovely wife
More than other days sweet half life
Soon is your birthday as you know
You are the star of my life show
You are the blowing of warm wind
You are more sweet than sun I think
You are the my past I keep in mind
And my sweet moments of all kind
Your birthday I will love you twice
Like time when we made love nice
Seeing the rainbow above our heads
Seeing the stars above our beds
Feeling the deep love in our hearts**

Love once love twice love starts
Love moments when we feeling high
I close them all in my head and hide
To give you them all on your birthday
In every new year new month or day
Every september june april or may
I love your birthday I love you twice
Doing all things so sweet and nice
Your hands are blessing of the god
Body first wonder nothing to add
Your eyes I m deeply lost in them
Sweet lips I kiss them hard and than
Feeling so high in our blue skies
Feeling so high in coloured stars
Feeling so good here on earth
In our love every moment worth
Your birthday I will love you twice
Twice I will tatoo you with the true
Twice hidden faces in one slice
Twice masks you wear are not you
Your birthday I will hate you twice
You are the black whole of my past
You are the frozen univers I must
Forget them both and beware twice

LUCACI FLORENTIN - T I M E

T I M E

There s one great fear for mankind
You may say more but true is time
I ve got some fears this life of mine
Since I was child to present time
A fear of childhood was to grow up
To be a strong boy and good enough
To love this life and to be smart
To love humanity with all my heart
Time turn me from a little boy
That feel the happiness in a toy
That build houses from cartoon
That look to skies after the moon
Into a lovely young beautiful man
Going to school eat ink and pen
Going with girls to dance and then
Kissing with all and embrace them
All girls from school loved me

I know this and as you can see
Time passed did not change me
Could look more bad than I want be
Were many bright days with joy
Those days turn me man from boy
And reach in best town high school
With good teachers and none fool
Learned all the wonders of the world
Learning from pleasure as I told
Learning from duty not for gold
Time was good like kept in hold
Hearing all time around me
Lovely ladies as they could be
Oh what beautiful boy I see
Maybe he come dance with me
This was the story of my life
I thing that s why I had you wife
Tall smart sporty and nice
I didn t ask you for wife twice
Time then get me in the army
Was brave soldier of our country
Nine months of cigars with candy
Learn to defend with no laundry
Learn to cook quick hundred meals
Time was bad like kept in stop
Time was frozen our eyes drop
Learn to survive in prison seals
But after army life was bright

Even in our young eyes sight
Things in life seem were right
Reached in the hardest faculty
Five years of studies were for me
Time was cool now let it be
From the best high school boy
I once knew me now with joy
I became master of science
With nine mark for compliance
Time was high the motors start
All wanted me beauty and smart
Everywhere I had my great part
Time get me in unique places
Where nobody were around me
Where only me as you can see
Where no others and no voices
Only me and my invention
Only me and my creation
